Re: Administrative rules changes regarding interlibrary loan reimbursement

Please find enclosed:

- Official hearing notice which includes the complete set of rule changes
- Hearing summary
- Copies of printed testimony provided
- Copies of email comments provided

You will need to adopt these rule changes if you want to distribute the interlibrary loan stipends based on the fifty/fifty proposal that you passed at your August 2005 meeting.

Please let me know if you have any questions. Thank you for your consideration.
