

# Memo

**To:** Commission Members  
**From:** Darlene Staffeldt, State Librarian  
**Date:** June 12, 2008  
**Re:** October library visits

---

Please find attached draft travel and library visit plans centering around our October Commission meeting in Malta. Bob and I will each take a van or car and travel one of the two routes to Malta and stop for library visits along the way. Please look the draft schedules over and let us know which route you would like to join. We will finalize plans (size of vehicle, lunch reservations, room reservations, etc.) once we know what your plans will be. Ideally we would like all the Commissioners to join us for all of one of the routes and visits. If that is not possible please let me know where/when you might be able to join the group. Thanks for doing these important visits. We found last year that your visits to libraries going to and from the Sidney Commission meeting were most important and appreciated by the local librarians, trustees, and library communities. Let me know if you have any questions and/or suggestions for improvement on these visits.
