Date: October 27, 2016

Re: Remaining FY16 LSTA Funds

We may have a small amount of FY16 LSTA funds to allocate during your November 10, 2016 meeting. I will know the exact dollar amount by the time of your meeting.

I will send you an update as soon as I have the final dollar amount. Based on the initial figures, Jennie Stapp and I recommend adding the funding to the training budget. The additional dollars could fund a third MSL workshop series in SE Montana which would fulfill a request we've had for training in that area. Any additional funds could go towards either the Leadership Institute or Trustee training.

We make this recommendation based on the findings from the Library Development Task Force Recommendations which prioritized investment in professional development and board development.
