

Memo

To: Montana State Library Commission

From: Jennie Stapp, State Librarian; Erin Fashoway, State GIS Coordinator

Date: November 29, 2018

**Re: Recommendation for approval of the FY '20 Land Information Plan
from the Montana Land Information Advisory Council**

The Montana Land Information Advisory Council (MLIAC) recommends adoption of the FY '20 Land Information Plan as approved at their November 15, 2018 meeting.

A summary of updates to the Land Plan along with public comments received about the plan during the 30-day comment period was prepared for MLIAC. That summary is included with Commission meeting materials.

We respectfully submit the plan to the Commission with a recommendation for approval at the December Commission meeting.
