Date: May 29, 2019

Re: Re-Open Application Process for New MSC Libraries Action

As you will recall MSL staff requested that we freeze the MSC application process due to a need for additional staff. We have found a solution for hiring a new system admin. This means we will be able to open the application window in January 2020. We are requesting that the Commission take action to re-open the application process for new MSC libraries.
