

# Memo

**To:** Montana State Library Commission

**From:** Jennie Stapp, State Librarian  
Jodie Moore, Red Lodge Carnegie Library Director, Chair

**Date:** June 8, 2022

**Re: Network Advisory Council report**

At their May 4, 2022 and June 8, 2022 meetings the Network Advisory Council (NAC) considered the following items and recommend to the State Library Commission the following actions:

- 1) The NAC endorses and recommends the Commission adopt the FY' 23 Library Development Plan;
- 2) The NAC endorses and recommends the Commission adopt the 2023-2028 Library Services and Technology Act Plan;
- 3) The NAC supports and recommends the Commission consider the Virtual Programming Policy in June and to adopt the policy in August.
- 4) The NAC supports and recommends the Commission consider the Montana Memory Project Collection Development Policy and to adopt the policy in August.
- 5) The NAC reviewed and revised the Freedom to Read statement. Due to loss of a quorum, the NAC did not take action to endorse the statement but strongly encourages the Commission to consider the statement and to take action to adopt it in August.
