

Memo

To: Federation Task Force Members

From: Tracy Cook, Lead Consulting & Learning Librarian

Date: October 27, 2022

Re: Feedback from Fall 2022 Federation Meetings

In preparation for the task force's work we asked attendees at each of the six federation meetings about the value of federations to libraries and the people libraries serve. We also asked what is missing, what needs to change, and for their thoughts on the legislative intent.

Please review the summary documents for each federation. We will discuss these questions during our meeting. As you review them consider the following questions:

- What themes were seen across the federations?
- What differences did you see across the federations?
- What, if anything, do you think we need to explore or suggest changing?
- What questions, concerns, or observations did you have as you reviewed the documents?
