NFB-NEWSLINE® is a free audio news service for anyone who is blind, low-vision, deafblind, or otherwise print-disabled that offers access to more than 500 print publications, emergency weather alerts, job listings, and more. Newsline is a service of the National Federation of the Blind, and access to this service is made available to Montanans through one-time-only American Rescue Plan Act monies. The National Federation of the Blind is a private organization, and access to the media sources listed below is determined by the National Federation of the Blind through contracts with each listed print publication.

Patrons access NFB-NEWSLINE through their phone with the touch of a few buttons. They can create favorites lists, skip articles or sections, and repeat items they wish to re-read.
