Resource	Inputs	Outputs	Outcomes	Impacts
MT Schools OverDrive	$ 115,000.00	Number of schools added (168); number of students served (27,053); number of items purchased (12,861); number of annual checkouts (129,983)	Expanded access to e-content for students; average holds wait time was 15 days; 213% increase in student user registration over two years; 162% increase in circulation over two years	What is valuable about K-12 ebooks program? Responses: 24/7 access to quality reading materials; supplemental access to texts when print is unavailable; Provides uninterrupted access to library materials all summer long, which helps combat summer slide in reading levels; teachers are able to lease small class sets for group reading; no lost books or overdue fines; students at lower literacy levels can discretely read assigned lower literacy level titles without feeling ashamed because people can't see what book they are reading on their device; audiobooks extend reading opportunities to students who do not like reading text; the collection is designed for K-12 libraries by K-12 curriculum experts and the selections are made for librarians so that they can spend that time teaching students instead. Without help from the State, the program would be cost-prohibitive for small schools.
OverDrive Magazines	$ 30,000.00	Number of items purchased (access to over 3,000 simultaneous access titles); number of patrons served (5,600 monthly checkouts in 100 different locations)	Expanded access to content: Circulation increased over the past year by 46% and now accounts for 5% of total checkouts from MontanaLibrary2Go. The simultaneous access model improves patrons' access to information by eliminating the	Strengthen the institutional capacity of museums, libraries, and related organizations to respond to community needs quickly, effectively, efficiently, and responsibly; Increase the ability of museums, libraries, and related organizations to deliver programs and services that contribute to the well-being of families, groups, and individuals of all cultural and socioeconomic backgrounds. (IMLS intended impacts of ARPA)
READsquared	$ 1,907.50	Number of libraries served (6); number of programs (11 different reading programs throughout the year); number of patrons served (over 2,000 patrons registered)	Expanded and improved upon learning and library program opportunities	Strengthen the institutional capacity of museums, libraries, and related organizations to respond to community needs quickly, effectively, efficiently, and responsibly; Increase the ability of museums, libraries, and related organizations to deliver programs and services that contribute to the well-being of families, groups, and individuals of all cultural and socioeconomic backgrounds.
