Broken Link Testing

Website Users

Website Page Views

Goal: User-friendly website with no more than 2% broken links

Current State:

As of the last report, Montana State Library's website has...

242,003
total links on site

This the total number of links across all the pages on the Montana State Library's website.

8,184
reported broken links

The website content management system runs a report to identify broken links.

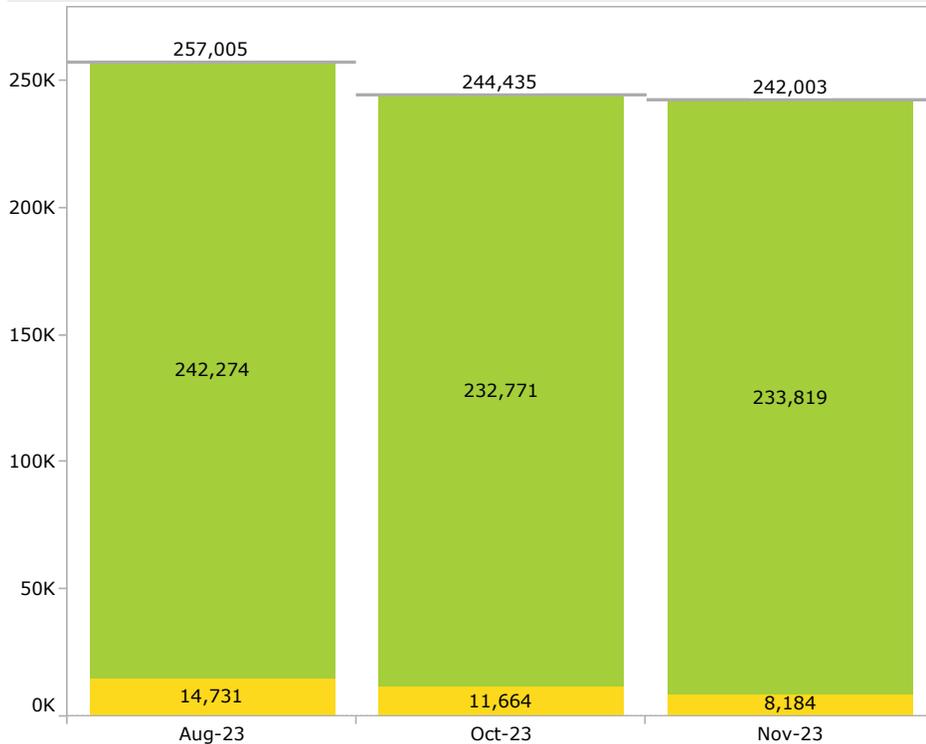

3,380
broken links ignored

Sometimes the report can't verify a link, but it is not broken. Staff mark these links as "ignore."

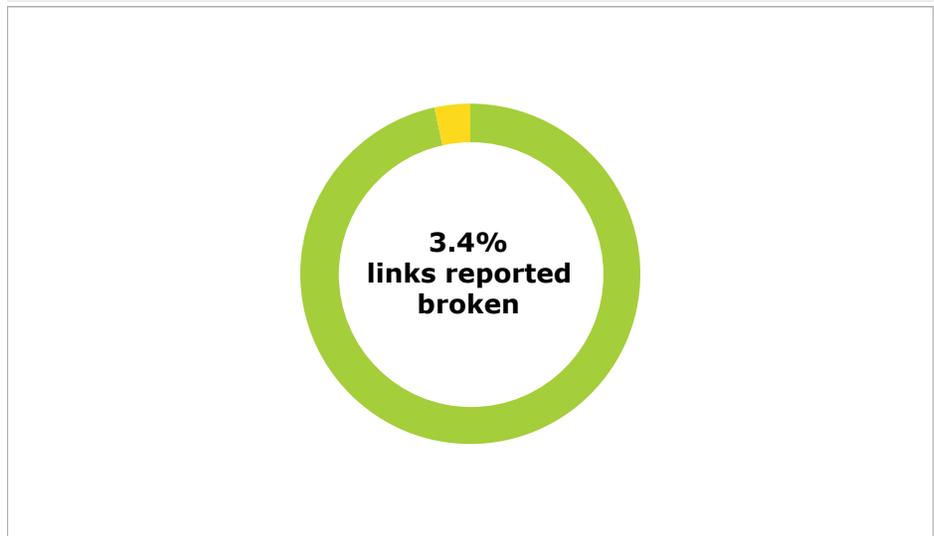

4,804
links to resolve

Broken links remaining that haven't been marked as "ignore" by State Library staff.

Progress Addressing Broken Links

Percent Broken

3.4% of the total links were reported broken as of November 2023. The first report in August 2023 showed 5.7% broken links.

While reviewing broken links, staff also unublish superseded or obsolete content, reducing the number of total links. In August 2023, the site had 257,005 links. In November 2023, the total was 242,003.
